AN EDUCATIONAL INITIATIVE CHAMPIONED BY

BOSTON Public Schools | OPEN OPPORTUNITY MASSACHUSETTS | BUILD | The Boston Opportunity Agenda | RENNETT CENTER FOR RESEARCH & POLICY

THE OPPORTUNITY:

Campus Without Walls (CWW) is an educational initiative that leverages the power of public schools and technology to promote greater equity, access, opportunity, and liberation for all.

This open-access allows students to learn from educators skilled at providing student-centered, project-based experiential learning using a culturally responsive, anti-racist decolonized curriculum. The goal is for all students to gain greater access and take full advantage of a range of learning opportunities that prepare them to thrive in a rapidly changing digital world during COVID and beyond.

HOW DOES IT WORK?

Selected Lead Teachers identify an exciting unit in their curriculum or their program model and open their classrooms to teachers throughout Massachusetts. Teachers and students throughout the state participate synchronously in the Lead Teacher's class. Powered through Outschool's virtual learning platform, students are now learning on a Campus Without Walls!

BENEFITS:

As a Lead Teacher, you will be part of a learning community that works together to challenge the current narrative of our students. Leading with culturally responsive instruction and setting a high bar for rigor, you will promote the power of liberated learning.
